SUMMARY

Business professional with experience in AI strategy consulting, business analysis, process improvement and project management. At AiKit, I help companies to understand their operations, identify pain points and translate business needs into practical recommendations involving AI, automation and digital tools. My background also includes partner performance analysis, international project and stakeholder management.

PROFESSIONAL EXPERIENCE

AI Strategy Consultant | AiKit Research, Madrid, Spain **Feb 2026 - Present**

- Led 50+ business diagnostic sessions with SMEs, analysing processes and operational pain points to identify opportunities in AI, automation, ERP and digital transformation.
- Reviewed and tailored 100+ AI-assisted reports, translating findings into an average of 8 practical, prioritised recommendations per client.
- Used multiple AI models and digital tools in daily operations to streamline internal workflows, accelerate analysis and reporting, and continuously improve team processes.

Partner Success Associate | Expedia Group, Prague, Czech Rep. **Mar 2025 - Aug 2025**

- Managed 180+ hotel partners, analysing performance data and recommending actions across revenue, pricing, visibility, campaigns and digital positioning.
- Advised partners on market trends and demand patterns, coordinating with cross-functional teams to align improvements with partner and platform objectives.

International Project Manager | ESIC University, Madrid, Spain **Apr 2023 - Mar 2025**

- Managed international programmes for 700+ incoming students per year and 80+ staff mobilities across five continents, coordinating institutions and internal stakeholders.
- Managed European-funded projects, partnership agreements and €130K+ in grant allocation, supporting programme delivery and institutional collaboration.
- Coordinated international programmes, BIPs and events, representing ESIC at European Commission and partner meetings.

Project & Commercial Operations Trainee (IT Area) | Orange, Madrid, Spain **Nov 2022 - Apr 2023**

- Supported the shift to an omnichannel sales model through channel analysis, reporting and coordination across sales management, distributors and partner outlets.
- Built Excel databases that streamlined CRM testing and process management for public and SME clients.

Operations Analyst Trainee | Payflow (YC S21), Madrid, Spain **Jan 2021 - Jun 2021**

- Set up the customer service and the operations function from scratch under VP supervision, creating scalable workflows in a startup environment.
- Designed a semi-automated WhatsApp acquisition process, increasing user growth by 170% and app adoption from 18% to 27%.
